My space passport

Collect stamps as you learn, build, observe, and explore.

SPACE EXPLORER

EXPLORER CALL SIGN

A nickname is enough. You do not need to write your full name.

How the stamps work

Colour or tick a stamp when you have done that kind of mission. The stamps match real activities on Our Space Mission. This paper does not log you in, and it does not send your ticks anywhere.

Mission stamps

Fill the circle when the mission is done.

Rocket Rookie

Build or play a rocket mission

Planet Hunter

Finish a planets mission

Moon Explorer

Finish a Moon mission

Mars Explorer

Finish a Mars mission

Star Hunter

Finish a Sun or stars mission

Space Scientist

Finish a Space Lab experiment

Missions I am proud of

Four short notes are enough.

Mission 1

What I did

What I found out

Mission 2

What I did

What I found out

Mission 3

What I did

What I found out

Mission 4

What I did

What I found out

Mission commander

Award this when several stamps are coloured.

My proudest mission

DRAW OR WRITE

A mission I want to try next

MISSION COMMANDER

A grown-up can sign when the explorer has learned and done activities, not only coloured the page.

Grown-up signature, optional _____

Prints on A4 and US Letter. A name on paper stays on the paper.
